

cordara

Cordara is an exceptionally hard quartzitic sandstone from Northern India, cut in a linear format to give an attractive appearance reminiscent of wood; the look of decking with the durability of quality natural stone. The lightly textured sawn surface has been carefully processed to bring out the colours of the stone; the cool tones of Nordic Ash and the rich natural browns of Iberian Oak.

Cordara, Iberian Oak

cordara colour options • Iberian Oak • Nordic Ash

sizes (mm)	m² per pack	no. per pack	kg per pack	colours
1000 x 200 x 30	10.00	50	795	all

As Cordara is usually laid with minimal joints, the sizes quoted are the actual dimensions +/- 3mm. Note the laying advice on page 144
